

LODGING POLICY

2024

*Please note: **All-Ripken Games Panama City Beach - December 19-22, 2024 has a lodging requirement** In order to participate in these tournaments, players are required to book lodging through Oakwood Lodging Group. Please read this policy to avoid additional fees.*

Event Dates	Minimum Room Nights Per Player	Lodging Penalty/Buyout Fee
December 19th-22nd	3 Room Nights	\$50/ Player

All Ripken Games has partnered with Oakwood Lodging group to assist with all your tournament housing needs. They are constantly working to ensure that our teams and players receive a negotiated group rate and have access to a wide variety of properties to meet everyone's needs.

When your player has registered for the tournament, you can book your lodging by visiting the **Plan Your Trip page**, or by clicking the hotel options link for where you are attending. Follow the instructions to book your group block or individual reservations.

Any reservations booked through another 3rd party provider, such as an online website, travel agent, or through the hotel directly **WILL NOT** fulfill the lodging requirements and additional fee will be assessed to the team/player if the minimum room night requirement has not been met.

Local Teams

Teams from the local area (within 70 miles) are not required to book through Oakwood Lodging and can choose to commute to the park each day. The address used to determine this will be the address within the event registration.

Alternative Lodging

Out-of-town teams/players that wish to stay outside of the All-Ripken Games - Panama City Beach property options through Oakwood Lodging can make a request to do so by contacting the tournament directly to request a buyout. However, teams that choose to do so will be assessed the lodging fee listed below. Teams/Players that are found to be intentionally circumventing the lodging process may be assessed the lodging fee anywhere from 2 weeks prior to the tournament start date up until team/player check in.

Minimum Room Nights

To fulfill the lodging requirements, teams/players must meet the minimum number of room nights specified by the tournaments. This policy is not intended to be punitive, and we enforce it to protect our property partners, allowing them to predict and manage their room inventory more effectively. The minimum room night requirement is detailed below. Teams/Players will be provided with the booking link with partnering properties immediately after registration and every 30 days to ensure teams/players will have adequate time to make accommodations.
